TECHNICAL DATA SHEET

RYNAN S550DK black solvent thermal inkjet ink is formulated for coding and marking, and other high-productivity industrial packaging printing applications such as packaging, label, mailing and ticket printing.

RYNAN S550DK ink provides longer decap time, excellent optical density, sharpness and barcode readability on various porous substrates such as plain paper, cardboard, duplex board, and aqueous coated substrates commonly used in pharmaceutical applications.

Non-stitching 1 inch print swatch expands the printing applications without disadvantages of printhead stitching.
